dassoXTR is an extremely durable bamboo product designed specifically for outdoor applications.

It is made of 87% of natural bamboo fiber and 13% Phenolic resin fused into dense and durable panels that are milled for bamboo decking, RainClad siding, porch flooring, lumber, and panels. Worldwide accepted for outdoor use, Class A Fire-rated using C NFPA and IBC Classifications tested to ASTM E-84-12 decay, and insect resistant (including resistance to termites). Tested in accordance with International Code Council (ICC) standard AC174 for exterior decking, dassoXTR has been approved as a product suitable for exterior usage.

Visit www.dassoXTR.com for more info.

DESIGN FEATURES

Look and feel of natural Wood and not plastic. Performs like dense tropical hardwoods.

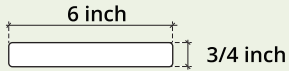

TECHNICAL HIGHLIGHTS

Innovative design to ensure smooth and easy installations. More durable than IPE!

LUMBER & PANELS

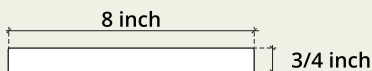

As solid lumber it can be sanded, comes slightly oversized, and work on.

BENEFITS

Dimensionally stable, easy to transport, Zero-VOC, cuts like wood, no twist or warp.

NO LEACHING No preservative is sip out from the material to contaminate water source under wet environment.

NO VOC 3rd Party Certified Low-VOC products emit less than .005 PPM (parts per million) volatile organic compound chemicals. dassoXTR is Zero-VOC

Safe for interior usage as well, No Urea-formaldehyde or toxic chemical

NO ACQ and CCA No ACQ and CCA used in dassoXTR. These preservative chemical are poisonous to living organism including mammals.

Not from trees. Good alternative to wood fiber. Options to wood fiber includes bamboo, palm, and cork.

dassoXTR
Fused Bamboo® for Exterior Use

PATENTED:

CHINA, RUSSIA, AUSTRALIA, USA, EU, MALAYSIA, SINGAPORE

dassoXTR Fused Bamboo for Exterior Use®

Made by using a patented process and was introduced by the dasso Group in 2010.

The dasso Group, based in Hangzhou, China, has been the world's leader in innovative bamboo products for more than three decades. With 10 manufacturing facilities, over 1,000 employees, a Design and Research Center and over 40 patents to date, dasso's mission is to advance the innovative use of bamboo throughout the world.

Technical Specifications

dassoXTR Fused Bamboo Millwork Lumbers are smooth 4 Side (S4S), rounded on long edge and pre-primed with exterior oil for ready use. This category is pre-milled, pre-primed lumber so it reduces processing and installation time. All Fused Bamboo S4S Millwork Lumbers come with extra on the length for trimming. They come in different nominal size: 1x6, 1x8 & 1x12.

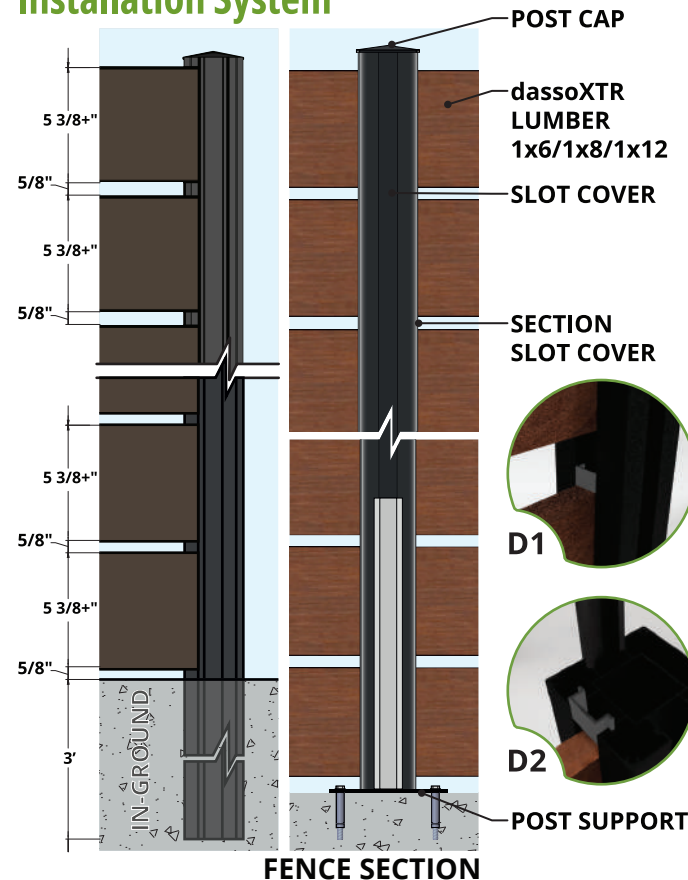

ESPRESSO XTR - LUMBER
